As a result of this inspection your establishment received a:

☐ LETTER OF WARNING

(Demerit/Grade Points)

Once you have corrected all violations cited on your establishment's inspection report, you must provide us a written request for re-inspection to include a description of the corrective measures that you have implemented. If we do not receive a written re-inspection request from you, we will conduct a follow-up inspection after ten (10) calendar days from the official receipt of this notice to ensure that corrective measures have been taken.

Failure to correct violations may result in the closure of your establishment pursuant to section 21109(b) of 10GCA, Chapter 21.

NOTICE OF CLOSURE

Once you have corrected all violations cited on your establishment's inspection report, you must provide us a written request for re-inspection to include a description of the corrective measures that you have implemented. Unlike an establishment who has received a letter of warning, an establishment shall remain closed unless a written request for re-inspection is made. Under 10 GCA Ch. 21 §21109(b), suspension without prior hearing may be imposed until the violation is corrected. You may also request a hearing to the Division of Environmental Health within five (5) calendar days of the date of this notice. When a hearing is requested following a suspension without prior hearing, it shall be discretionary with the Director as to whether the suspension shall be continued pending the hearing.

We look forward to working closely with you as partners in promoting health and sanitary practices on Guam. If you need further assistance, you can reach us at 735-7221 or (fax) 734-5556. Si Yu'us Ma'ase.
